

MB Docket No. 04-233

RE: Local broadcaster K-LOVE radio

This Christian radio station serves me as a resident of the San Diego community daily by being an encouraging source of Christian music. K-Love radio offers inspirational praise and worship music for those who maybe hurting, discouraged and depressed. If there was a decision made to displace this station, there would be a significant void in my life, and the lives of many others in the community of San Diego. People who are encouraged by the K-Love broadcast of Christian music reflect their mood and love in their interactions with others. Please keep this station on the air so that we will have a place to turn to while riding in our cars in the midst of traffic or "rushing" to work.
